Subject: New Swimming Pool

To Whom It May Concern:

On August 24, 2022, final inspection of the above-mentioned pool at 1234 Pool Road, Charlotte, NC was completed. This was the final of periodic observations over the course of this swimming pool's construction. To the best of my knowledge the swimming pool has been built in accordance with approved plans and specifications and approved modifications with the following exceptions:

Filters are Pentair 140C

Aquastar SKR1xxx skimmers installed

Plumbing installed differently than approved plan. See attached as-built drawings.
